

Integrated Development Environment (IDE) of Visual Basic / Visual Basic User Interface

The IDE of VB provides the user with a number of useful interfaces to work with like the Toolbar, Toolbox, Form Window, Project Explorer Window, Properties Window, Code Window.

⇒ Pull-down menus — It provides access to every available Visual Basic command, although these menus can be confusing and intimidating to use.

File Edit View Project Format Debug Run Tools Add-Ins Window Help

⇒ Toolbar — It displays icons that represent the most commonly used Visual Basic commands, which may still be confusing to use.

Types of Toolbar

- (a) Debug Toolbar
- (b) Edit Toolbar
- (c) Form Editor Toolbar
- (d) Standard Toolbar

To hide and show toolbars

View → Toolbars → check/uncheck the following —
